

C-SERIES

C-Series Commercial Lube Oil

Top-up engine oil whilst refueling
ATEX approval optional
Fuelling from either side

Pumptronics Lube Oil dispensers offer drivers the convenience of being able to top up with engine oil at the same time as refuelling their vehicle.

The Lube Oil unit is offered in dispenser format and must be used in conjunction with a suitable remote pumping mechanism. For non-approved pumps the pumping unit may be incorporated into the dispenser housing.

C-Series Commercial pumps are built to the highest specification from long-lasting stainless steel and incorporate the latest technology available, including world-class hydraulics and integral nozzle.

C-SERIES

C-Series Commercial Lube Oil
